EXPERIENCE

Proto Innovation Digital Product Consulting Firm - Senior Experience Designer
New York NY | February 2021 - Present
Leading full end-to-end execution of projects by identifying growth opportunity spaces through user research and developing product concepts to solve problems in varying industries by championing user-centered design. Collaborated with strategists, engineers, and executive client stakeholders to develop long term product ecosystem strategy and increase customer value. First design hire instrumental in defining company culture, establishing practices, and growing experience design team by 350%.

Capital One Experience Strategy - Experience Designer
New York NY | July 2020 - February 2021
Established large scale design strategies by implementing best practices and frameworks across the whole design organization. Designed a variety of end-to-end web experiences, visual features, and branding. Partnered with product, engineering, client success, marketing, and other groups to align Design with the business objectives.

Capital One Commerical Bank - Associate Experience Designer
New York NY | July 2019 - July 2020
Created unified platform workflows for conducting commercial credit actions for over 5,700 customers. Combined research, creativity, and execution with an agile, data-driven, systems-centric approach to Design. Roadmapped release strategy to migrate users from multiple legacy platforms, conducted platform user testing and contributed to design system alongside product managers and engineers.

Capital One Financial Services - Design Development Program Intern
Plano TX | June 2018 - August 2018
Designed user motion interaction and gesture design for the augmented reality (AR) experience within Auto Navigator's native mobile application. Patented designs for AR user interface (UI) and method for determining correct scanning distance using AR UI. Project selected to present at 'Capital One House' at SXSW 2019.

NAVER Corporation, Apollo Team of Incubation Studio - Product Design Intern
Seoul South Korea | June 2017 - August 2017
Conducted primary and secondary research to target a market opportunity and designed a mobile application for launch in the U.S. market.

LEADERSHIP

Proto Innovation Company Culture Building - Experience Lead
New York NY | Spring 2021 - Present
Developing an apprentice/new hire onboarding playbook, defining role of Experience at Proto, conducting Design team weeklys and Experience Design team monthlys.

Capital One Recruiting - Northeast DDP Recruiting Lead
New York NY | Summer 2019 - Spring 2021
Developed strategy for Design Development Program fulltime and internship hiring.
